

# CONTINUE TO DONATE PLASTIC WASTE

In line with our ESG initiative, we would like to inform you that we have donated 258.5kg of plastic waste to Green Antz Eco Hub as of today.

If you want to donate, please drop off your plastic waste at the Admin Department every Friday.

Here are the types of plastic waste that we accept. Please ensure that it is clean and dry.

We are pleased to share that we have successfully donated 43 kg of plastic waste to the Green Antz Eco Hub on 18 February 2023.

This is part of our ongoing sustainability initiative, where we strive to reduce our carbon footprint and contribute to a greener planet.

Let us dispose of our plastics in a responsible manner.

Before you dispose of anything in our garbage cans, make sure it is clean and dry.

If you are interested, kindly drop your clean and dry plastic waste to the Admin Department every Friday.

We are pleased to share that we have successfully donated 60 kg of plastic waste to the Green Antz Eco Hub on 11 February 2023.

This is part of our ongoing sustainability initiative, where we strive to reduce our carbon footprint and contribute to a greener planet.

Let us dispose of our plastics in a responsible manner.

Before you dispose of anything in our garbage cans, make sure it is clean and dry.

If you are interested, kindly drop your clean and dry plastic waste to the Admin Department every Friday.

**WE ACCEPT THESE PLASTICS**

Make sure plastics are clean & dry (no food or drinks, please)

**HOW TO MAKE AN ECOBRICK?**
